¹ The number of stoppages reported for a major industry group or division may not equal the sum of its components because individual stoppages occurring in 2 or more groups have been counted in each. The major industry group and division totals have been adjusted to eliminate duplication. Workers involved and days idle have been allocated among the respective groups.
² Includes other finished products made from fabrics and similar materials.

5 "Work Stoppages, 1973, Selected Final Tabulations" revised. This revision applies to all tables that contain industry data including tables that apply only to government work stoppages.

6 The situations reported here have, for statistical purposes, been deemed to fall within the Bureau's definition of a work stoppage. This does not constitute a legal determination that a work stoppage has taken place in violation of any law or public policy.
